

Young Graduate Program FAQ

Young Graduate Program FAQ

Do I get the same benefits as a regular Pirate Club member?

Even better!!! Depending on when you graduated, the Pirate Club will donate up to \$120 on your behalf. As a member of the Young Grad Program, you also have the opportunity to purchase season tickets to Pirate Athletics at a discounted rate. You receive invitations to special events such as golf tournaments and autograph signings as well as Young Grad tailgates and socials. Another added benefit of the Young Grad program is the option for reserved seating close to the student section at football and basketball games.

Can I only give \$30?

No, \$30 is only the minimum contribution. A Young Graduate member can donate any amount they wish and the Pirate Club will still contribute depending on which year you are in the Program.

Example:

Joe is a first year member in the Young Grad Program. He makes the minimum donation of \$30 and the Pirate Club contributes \$120 on his behalf. This gives Joe credit for a \$150 donation and Swashbuckler benefits.

How do I get parking benefits?

Parking is given based on your gift level. The minimum gift level to receive parking benefits is Buccaneer (\$300).

Example:

Steve is a second year member in the Young Graduate Program and wants to get a parking spot for the upcoming football season. Since he is a second year member, the Pirate Club will add \$90 to his donation. Since the minimum gift level to receive parking benefits is \$300, Steve would need to donate \$210 to put him at the Buccaneer level and then the additional \$50 for the season parking.
